TRUSTED IN OVER  
**40** MILLION  
HOMES

## A **first impression** that lasts.

Schlage door hardware offers an easy way to enhance the style of a home, keep it safe, and even make it smarter. Trusted in over 40 million homes, we create stylish, innovative products that bring the possibilities and potential of every door in your home to life. Which means we're opening a lot more than just doors.

### **TRADITIONAL**

---

Sometimes, where we've been in the past can light the way forward. What was beautiful before remains beautiful today. And, in the right hands, a nod to tradition becomes a thrilling departure from the ordinary.

### **TRANSITIONAL**

---

Not too old, not too new. Not too ornate, not too restrained. The middle ground doesn't have to be boring — quite the opposite. By elevating nearly any look, these styles show that flexibility isn't just functional; it's beautiful.

### **CONTEMPORARY**

---

High fashion sans the stuffiness. Clean lines, crisp edges. Sleek and sophisticated, yet imminently approachable. A modern look doesn't have to leave you cold. And sometimes, minimal styling means maximum impact.

# One system. **Endless possibilities.**

With a wide range of architecturally-inspired styles featuring a **premium designer look and feel with concealed screws and low profile trim**, Schlage Custom Door Hardware is our top-of-the-line offering that allows you to create the perfect customized look to elevate your home's style.

Schlage Custom **combined interior door hardware** offers both hall/closet and bed/bath functionality in one lock. From nursery to bedroom to home office, you can adapt to the ever-changing life of a room by switching from one function to another. Simply insert the locking pin on the interior side of the lock to enable locking for bedrooms and bathrooms.

Schlage Custom hardware is also available in non-turning knobs and levers (sold in pairs) and high-style 3/4 trim handlesets. Schlage Custom designs coordinate with classic F Series styles to create a consistent look both inside and outside the home.

When it's time to redecorate, it's **easy to update the style** of your interior Schlage Custom Door Hardware without installing a whole new lock. Simply remove the knob, lever or trim and swap out with your new favorite finish and style.

## HALL/CLOSET
